Amazing Design Solutions has been in business now well over 10 years. We are a one stop web site resource. Offering such web site services as:

- Website Hosting
- Website Design & Re-Design
- Website Maintenance
- Domain Name Registration
- PHP Script Installation & Customization - Including Shopping Carts such as Zencart, Forums, Galleries and others.
- Ready Made and Custom Designs For Joomla, Blogger / Blogspot, Word Press, and Drupal
- Custom Shopping Cart Solution - WAHMStores.com
- Logo & Print Media (Business Cards, Flyers, Brochures) Designs
- Individual Internet Graphic Design - Banners For Advertising, Static or Animated

At Amazing Design Solutions we realize that running a business is not easy. Therefore, we strive to make getting your business on the internet as easy as possible. From beginning to end we offer all the quality web site services you need to have a complete web site that will be pleasing to you and your customers. Take a look at our growing portfolio for some samples.

We also realize that small and work at home businesses do not have corporate funds at their disposal. We are proud to be able to provide affordable web site hosting and affordable web site design to fit any sized business; we take pride in being able to provide a variety of web site services and pricing options to fit almost any budget.

Don't see something you need? Just let us know, we are here to help *you*. We will work to fit your needs specifically. We welcome you to contact us at anytime before or during the process if you have questions or concerns.

Our preferred form of contact is via email: contact us here , however if you need to setup a phone support time we can make arrangements with you for this as well.
